- 1** Choose a strand of the Colored Cotton Cording that looks nice with your headband.
- 2** Measure and cut a piece of cording 12 inches long.
- 3** Choose a Sparkly Flower Slide Charm. Pull one end of the cording through the opening in the slide charm. Be sure to leave about 2 inches of cording on the remaining end, so you can tie a knot later.
- 4** Pinch the headband in the center. Place the Sparkly Flower Slide Charm on top of the pinched portion. Wrap the cording around the headband and back through the opening in the slide charm.
- 5** Keep wrapping the cording around the headband and through the slide charm opening—do this about 10 to 12 times. Remember to pull the cording tight as you wrap, so that the charm will stay in place on your headband.

6 Tie the 2 ends of the cording together in a double knot. Trim off the tails.

7 Repeat these steps with 2 other Sparkly Flower Slide Charms, placing them about 2 inches away from the center charm.
